SMOKING ON CAMPUS

Accumulating evidence of the damaging effects of smoking on the health of smokers and non-smokers alike and the increasing number of policy decisions to restrict or ban smoking in public areas, government offices, the workplace, and on campuses* have raised questions regarding our own smoking policy. A Smoking/Non-Smoking Policy is under consideration and input will be sought from all groups on campus—students, support staff, faculty and administrators. Please be prepared to share your thoughts on this matter in the near future.

*The University of Lethbridge is the latest of the major Alberta colleges and universities to adopt a total ban on smoking.

— Wayne Stuhlmiller, Dean of Student Affairs

"YOU SHOULD HAVE CALLED US SOONER."

Talk about lucky people! There's my friend Joe—he saw a horseshoe in the road and bent over to pick it up, for good luck. He didn't see a truck coming and it knocked him clear into the next field.

Broke a few bones, but at least he landed in a patch of four-leaf clover...

FACILITIES REQUESTS

All faculty and staff planning any student-related event that involves use of campus facilities, please, PLEASE, fill out a facilities request form and turn it in to Co-Curricular Coordinator Ed Mielke. Some major problems have already been encountered because of failure to do so.

Facilities request forms should be turned in two weeks prior to the date of the event planned. Forms can be obtained from Edmund Mielke or Valerie Munz.
