About Posters

On occasion, posters around the campus halls just disappear! This is disappointing to people who have spent time, effort and expense putting the posters up. Please respect this work and do not remove posters. If you have any questions or concerns about any poster, please contact the Student Services Office (#213).

Failures are divided into two classes: those who thought and never did, and those who did and never thought.

Spring/Summer Session 1991

Specials Sessions is hoping to see an increase in enrolment for Concordia's spring/summer session, 1991. Spring and summer courses meet the needs of students who may wish to reduce their load for next year or those who wish to pick up that course they still need.

Many of Concordia's students are not aware of spring/summer session as an option open to them. Instructors may wish to announce in class that spring/summer session is available to all students, and that students can drop by or call the Special Sessions office for more information.

Charity Auction a Great Success!

"It was a fun evening." That is the comment heard most often when people talk about the Second Annual Charity Auction for Concordia College

This auction was also more successful all around. The majority who attended were back and said this was better than last year. Bids were more competitive and lively -- lots of bargains abounded for everyone.

The success of this great event was largely due to the untiring efforts of Ted and Dorothy Holtby. Not only did they look after most of the acquisitions but sold lots of tickets, too. Special thanks to them and to the rest of the committee, chaired by Ed Klarenbach. Honorary Chairman, Mike Walker and his wife, Kristen, assisted at the auction.

The auction grossed about \$25,000 before expenses. The final figure will be available in another week. The committee met and are planning a bigger and better third annual Concordia College Charity Auction for 1992.
