

THANK YOU, MAN/SASK

We at Concordia extend our thanks and gratitude to the members of the congregations for your response to our **Teach, Love, Grow** campaign which began in May and ended with Concordia Sunday on June 15.

Gifts to our capital expansion program from this campaign total \$20,000, representing 244 square feet. Even though the campaign was designed to include information on educational developments and recruitment as well, the dollars contributed for our building expansion are the most visible response at this time.

Renovation and new building total 25,000 square feet, so we still face a challenge. Your gift is never too late. \$82.00 buys one square foot, but any amount is welcome. Groups as well as individuals can participate. The address is:

**Concordia Development Office
7128 Ada Blvd
Edmonton, Alta T5B 4E4**

▲ Entering the new facilities at Concordia College for the first time. The building is the renovated Alumni Hall which burned a couple of years ago. This building contains a 250 seat chapel / auditorium, music practice rooms, choir room, classrooms, office space. Beneath where everyone is standing are the new science laboratories. This section connects the Alumni Hall with the Guild Hall.

▼ Part of the student body that worshipped on October 17, 1980 at the first time the new chapel at Concordia College was used. The new facilities were formally dedicated in a special service on November 2, 1980. Sitting in the front row next to Pres. Holm is the acting Pres. of Concordia, Dr. W. Schienbein.
