## UCEP Update

**Margot Mortensen**, a student last year in the UCEP II program, has been awarded a Canada Scholar scholarship. The financial award of \$2,000 annually, renewable over four years, will enable Margot to complete her studies in science before she enters the Faculty of Medicine.

The goal of the UCEP program is to prepare students for university or college entrance. **Roslyn Beswick**, counselor at the Braemar Campus, recently reported that as of last June 82% of the year's graduates had been accepted at post-secondary institutions.

An informal get-together was held at Braemar Thursday evening (October 11) to meet, commend, and offer support to the families of students in the UCEP program. Dean **Marilyn Westbury** welcomed the group and **Bonnie Young**, counselor at Highlands, spoke about the critical importance of family support for students. Afterwards, the staff mingled with the students and guests in the halls and classrooms of Braemar.

Three UCEP II students have been elected by acclamation to represent the Braemar student body. Besides attending Student Council meetings at Highlands, **Karlene Anderson**, **Richard Rochette** and **Joe Andrade** will help to plan student activities and administer the UCEP II Council's finances.

When asked what he considered the most essential qualification for a politician, Winston Churchill said: "It's the ability to foretell what will happen tomorrow, next month, and next year—and to explain afterward why it did not happen."
