RUSSIA-SCANDINAVIA STUDY TOUR

Dr. Adrian Leske will host a 19-day Russia-Scandinavia study tour this summer, planned to celebrate the 1,000th anniversary of Christianity in Russia. Tour dates are August 1-19, with visits to Moscow, Leningrad, Kiev, Helsinki, Stockholm, Oslo and Copenhagen.

Dr. Leske will be conducting a four evening lecture series prior to departure. Individuals may attend the lectures only.

For more information contact Dr. Leske (ext. 239) or Brenda Grzech at Braemar Campus (466-6633).

MAIL FOR CONTINUING ED., CDI

Mail directed to the Continuing Education Department and the Career Development Institute should be left with Betty Clark at the Switchboard. These departments no longer have a box in the mailroom.

FACULTY/STAFF SKATING AFTERNOON

Keep the afternoon of Sunday, February 28, open for a possible faculty/staff skating party. Preliminary plans include skating at Rundle Park, hot chocolate at Betty Clark's, and maybe even a potluck dinner. More information can be obtained from Ed Mielke or Bonita Schalk.

An Arab sheik was the guest at a dinner party and admitted to his dinner partner that he indeed did have four wives as the Koran permits.

"That's the ultimate in male chauvinism," the lady lashed out, "having more than one wife just in case you get tired of the same woman. Did it ever occur to you that a woman might grow tired of you, too?"

"That," said the sheik sagely, "is what the other three are for."

DEGREE PROGRAMS AT CONCORDIA COLLEGE

Concordia College offers three-year general degree programs in the Faculties of Arts and Science. These programs have been designed to meet the following objectives:

1. Students should receive a broad introduction to the academic disciplines in the arts and sciences as well as a concentration in one discipline.
2. Students should be required to study religious and ethical issues as a distinct discipline in the arts as well as an important component of all knowledge.
3. Students should be exposed to a variety of courses in which skills in writing, oral communication, and computer use are taught and encouraged.
4. Students of all ages and educational backgrounds should have the opportunity to achieve an undergraduate degree.
5. Students should have the opportunity to take courses in education, business, and other disciplines outside of the traditional arts and science curricula.
