MOVIE ROLE FOR RANDY RITZ

Randy Ritz has just completed filming an evangelistic movie called "Valley of Decision." He was cast in the leading role as a preacher, located in a small prairie town, who attempts to rekindle the faith of his small congregation. While he speaks, a prairie fire sweeps closer to the church building, threatening to bring to reality the prophetic words of Joel that "the land will be as a burnt field" unless they repent.

This 20-25 minute film is produced by Outreach Canada and will be released in mid-February. Anyone wishing a copy can book it free of charge from Outreach Canada, or see Randy Ritz.

NEW HEAD OFFICE BUILDING FOR LUTHERAN LIFE

The Lutheran Life Insurance Society of Canada has announced plans for construction of a 60,000 sq.ft. head office building near downtown Waterloo. The \$6 million project is scheduled for completion in spring, 1989.

Lutheran Life's head office operation will occupy the top floor of the two-story building. The remaining space will be available for rental.

President Harold Dietrich says "we see the new building as a wise investment for our members--and in our community. It utilizes Society-owned land and will generate income that will help offset operating expenses. At the same time, it will relieve our current crowded situation in rented quarters, and help improve our service capabilities.
