University College of Alberta

75<sup>th</sup>

(1921-1996)

Anniversary

*VISIONS*

*Visions of the future,  
Tied up in memories of days past,  
Share the laughter,  
And the joy  
With our friends around us.  
Together we can seek,  
Dreams of our yesterday,  
The hopes of all tomorrow.*

MESSAGE

## *IT WAS A GOOD YEAR!*

As the 1995-96 academic year draws to a close, we can truly say it was a good year for Concordia and a special year for those who are leaving us with their degrees.

It seems like a long time ago that we began the year with the official opening of our new library addition, but it was only last fall. That was an important milestone for all of us. Many of us can still remember how crowded the old library once was. As we entered the building, antiquated card catalogues were there to greet us; and the reference section dominated whatever space there was available on the main floor. Now we are blessed with a fully automated library that is also linked to all the other major research libraries in the city. We have more space, and we are equipped with the appropriate technology to enter the 21st century.

This was a year of transitions as we continued to build on our strengths. New degree and diploma programs were begun in Chemistry, Environmental Health, French, Philosophy, Political Economy, and Psychology (Four-year program). Some of our graduates this spring are already benefiting from the introduction of these programs. Others are preparing to return to Concordia to enter our new Bachelor of Education After Degree program, which is scheduled to begin in the fall.

It is hard to imagine how much Concordia has grown even during the past three to four years that this year's graduates have been with us. We are shedding our cocoons. We are leaving behind us cramped surroundings, trips back and forth from Braemar, a less adequately furnished cafeteria, and all the other vestiges of the past that were once needed but have now been replaced with a more improved Concordia.

We are arising from this year with a new name. Concordia University College of Alberta is ready to head into the future as a full partner in the university community and with an exciting mission to fulfill.

Concordia itself has been on a journey, and those of you who are graduating this spring have been sharing that journey with us. Wherever you go, and whatever you will be doing, you will still be a part of us and we will still be a part of you. For no matter how Concordia has changed and is still going to change, we remain, by the grace of God, a place where people are special. The friendships we have shared will not be lost as we all continue to head into the future. God's richest blessings to the graduates! Keep in touch. The Lord's peace be with you always.

## Editors Message

*As you all know, there has not been a yearbook for the graduates, faculty and the student population in the past year. In 1995/96, two very courageous and determine people decided to do something about this. The graduation representative, Sunita Sabhaney, and the only member of the the graduation committee, Helyn Akranis, undertook the project of getting together a grad class memory book for those individuals that expressed an interest.*

*Well, it is finally here and you are a proud new owner of 1995/96 grad class memory yearbook. We hope that in the following years, someone from each graduation class will express an interest in getting together a yearbook for the students.*

*We would like to take this space and time to extend our sincere appreciation to all the people who made this yearbook possible. To Dr. Bernie Potvin, who from the very beginning of this project, has given us his support and the determination to see this project through to the end. And a special thanks to him for the ordering of all the ink cartridges that kept running out and for the use of the Macintosh computer lab; without which you would not have this book. As well, thank you to Ladislav Hala for letting us into the computer lab and helping us with the few minor problems that came up along the way. A thank you to Tammy Singer at Concordia's Bookstore for the covers of the books and binding it all together for us. And thanks to all those people who helped with the donations of the many pictures for the yearbook.*

*We hope that as you turn each of these pages you will have as many laughs and good memories as we know we will. Enjoy 'reading' this as we have enjoyed putting this together for you.*

**Sunita Sabhaney  
and  
Helyn Akranis**
