DR. DAVID WANGLER

The guest speaker this evening is Dr. David Wangler from the University of Alberta. In the Department of Educational Policies, Dr. Wangler is respected and enjoyed for his scholastic background, innovative teaching methods, and deep enthusiasm for learning and living.

With an undergraduate degree in Classics and English from Le Moyne College, New York, Dr. Wangler completed a Master of Educational Administration and a Doctorate of Educational Foundations at the University of New Mexico.

In 1970 he began his teaching career in elementary and secondary classrooms in Iran, New Mexico, and New York. For many years now he has been instructing and inspiring teachers-in-training and graduate students at the University of Alberta.

A number of UCEP staff members are his former students; we will always remember his "ideas that work - in classrooms, in life".
