## VEHICLE THEFTS ON EDMONTON CAMPUSES

*Sent on Behalf of University Protective Services from the University of Alberta:*

Protective Services would like to warn all owners of later model (1990's) Honda vehicles that there have been a number of these types of vehicles stolen over the last few months from University parking lots. The Edmonton Police Service sees this trend occurring city wide and it seems the University is a target rich environment for these thieves. If you own a later model Honda vehicle we would suggest acquiring a steering wheel locking type of device. If you have any questions or concerns feel free to contact Protective services at 780-492-5050.
