Helen Beyerle
Rod Jerke

Concordia Lutheran College and High School, founded in 1921, is a residential and coeducational institution of the Lutheran Church—Missouri Synod.

One of the primary objectives of the school is to provide preparatory training for young men and women who desire to follow careers of service in the Lutheran Church. It also aspires to serve students from the community and Western Canada who wish to meet matriculation standing and to continue work for university entrance.

The high school is fully recognized by the Alberta Department of Education and offers an academic program of study leading to senior matriculation. The college offers first-year courses in affiliation with the University of Alberta.

Concordia recognizes the blessing of God in its first fifty years of service to church and to community. It pledges to continue its excellent tradition of "Learning beyond Knowledge" in the years to come.
