# Invest in your financial well-being

## November is Financial Literacy Month!

Financial literacy is important for your financial well-being, and for the economy as a whole. Understanding the basics about money is as essential today as numeracy and basic literacy. For the next 5 weeks learn how to:

- manage money and debt wisely
- save for the future
- understand your financial rights and responsibilities

We want you to be financial fit! Throughout November we will post financial tips in the CUE weekly e-newsletter and on the TV monitors around campus. Visit the Financial Consumer Agency of Canada's website and follow #FLM2018 for tips and tools on how to invest in your financial well-being and visit [Canada.ca/Financial-Literacy-Month](http://Canada.ca/Financial-Literacy-Month). You can do it!
